

Why Do Bad Things Happen?

2 CORINTHIANS 4:15-18

2 Corinthians 4:15-18

Why Do Bad Things Happen?

1. God is glorified more in our suffering and disaster and His subsequent sovereign work of healing and restoration than if we had no suffering or disaster.
2. God uses them to change us to Jesus' image in a way that we would not be changed without the suffering.
3. God works our suffering for a mysterious and eternal reward that we will enjoy forever.
